Little White School House: There is a new superintendent in the Valley School District. He seems supportive of the project. The site where the school it will be moved is still in question.

Northport Museum: Rose reported to Joe that there was some opportunity to have the National Guard help with the Gallo House so Rose applied for their help.

Indian Agency: The State Historical Society has put on a stop order for any work at the agency. It seems to be based in a communication problem. Jann Bodie will be helping with the grant applications. The Tribes still seem supportive. SCHS will apply with the Kalispels first. Charlie has spoken to them about how and when to apply.

Of course preservation is still the only thing on the table now. Jann and Charlie and Janet met on the site and given the many unforeseen circumstances causing delays it way decided to work on the site and do what can be done, but leave the windows, doors, floors and walls until spring.

Mr. Salisbury has not contacted the HS yet. He was working on several things re the building.

Research: Sue is still working on WWI. She is developing a program for the SCHS General Membership meeting..

WMA Conference 2019: It will be in Spokane. Joe contacted the people who developed the Insider App to see if he would be interested in being a presenter or a commercial display.

Insider App: The group brainstormed various ways to increase the use of the App and make generate more interest in visiting the historical sites. Joe took notes so he could take the ideas to the meeting in the afternoon.
